Dems Fire Broadside At GOP Economy Drive; May Override Labor Bill Veto

Republican Seek Accord On Cut To Make In Truman Budget

(By Associated Press)
WASHINGTON, June 18—Democrats tossed out a set of figures today to back up their claim that the Republican economy drive has "fizzled" and hopelessly bogged down.

Republican leaders, meanwhile, renewed their long dormant efforts to nail down a senate-house agreement on just how much to try to cut President Truman's \$37,500,000,000 budget for the fiscal year beginning July 1.

The house earlier this year formally promised to whack \$6,000,000,000 off that spending estimate, but the senate voted only a \$4,500,000,000 saving pledge.

Democrats in both chambers contended at the time that each figure was far too high.

In the house minority party members picked Rep. Gore (Tenn.) as their "bookkeeper" to keep track of Republican cuts.

Scan Office Budgets

Today as the house resumed discussion of the \$8,167,869,027 independent offices appropriations bill, Gore claimed "bona fide" reductions to date total only \$1,875,716,750.

Republicans are claiming more than twice that much.

Gore added in a lengthy statement accompanied by several sets of figures that "purely phony budget cut claims" have reached a total of \$2,999,150,000.

And with only slightly more than \$5,000,000,000 of the \$37,500,000,000 budget still to be considered, he continued, it will be impossible to reach the goal.

"What's more," Gore said, "the process of reducing the reduction will soon get under way, with the senate adding millions to house-passed bills, and with deficiency measures in the offing to supplement funds now being appropriated."

Considering that \$32,338,580,462 already has been approved by the Republican-controlled appropriations committee, Gore asked, "who are the spenders now?"

Gore accused Republicans of "taking the credit for all downward budget revisions made by the President, and giving the President credit for all upward revisions."

Any chance of further tax action at this session apparently died with the house vote to sustain the veto yesterday. But Senator Taft said that if a special session were called by the President for any reason, he would not be surprised to see the tax measure reenacted at that meeting.

NEW SALEM FIRM IS INCORPORATED

Incorporation of a new Salem firm, the Metal-Wood Manufacturing Co., W. Wilson st., was announced today when papers of incorporation were issued in Columbus.

Incorporators included Andrew C. Martin, Frank Petras and Mathew V. Redpath. Five hundred shares of 10-par stock are authorized.

The new firm will eventually produce some articles now in the experimental stage, including a small washing machine and a power take-off for a roto-tiller and several other original products.

FATHER KILLS TWO CHILDREN

Miami Cafe Owner Goes Berserk, Also Wounds Neighbor Couple

(By Associated Press)

MIAMI, Fla., June 18—A sobbing 59-year-old father told Detective Sergeant John L. Deas today that he had beaten his two children to death and then shot two of his next-door neighbors because he didn't want to see the children "placed in a home."

The father, Chris Russell, operator of a cafe, attempted to take his own life as detectives rushed into his restaurant, Deas said.

The blood-stained and battered bodies of Peggy Russell, 11, and John Russell, 6, were found in a bedroom of their little home in the northwest section.

Next door, Mr. and Mrs. Walter L. Wolfe were found on the floor of their real estate office, both suffering from bullet wounds.

Another business neighbor of Russell's, Mrs. B. Poppelauer, told detectives Russell had rushed into her store and fired his gun at her "point blank" but missed.

Detectives took a revolver from Russell who pointed the gun at himself and snapped the plunger on an empty shell as they went into his cafe, Deas said.

At police headquarters, Deas said Russell, alternately bursting into tears and then calming himself, declared the Wolfe's were the cause of his "recent troubles."

"Those people were always bothering me," he blurted out to Deas. "They aren't going to put my children in a home."

Then Deas said, Russell told him that he had killed his children because he feared they would be taken from him.

Physicians at city-owned Jackson Memorial Hospital said both Wolf and his wife, Ethel, might die from their wounds.

As Deas and other investigating detectives put the story together, Deas said Russell apparently killed his children and then, "berserk," rushed into Wolfe's adjoining office and shot the couple.

Higher Fuel Oil, Lower Gas Prices Appear In Offing

(By International News Service)

WASHINGTON, June 18—Higher fuel oil prices and lower gasoline prices appeared to be in prospect today for American consumers.

Government and industry representatives participating in an emergency conference on the current petroleum supply shortage agreed that such a trend is in the making.

They differed, however, on when it will materialize.

Gasoline always has been a big money-maker for the oil industry. Before the advent of the automobile, it was kerosene. Fuel oil was regarded as a by-product of crude oil refining operations. Soon, however, this will no longer be true.

Consumption of fuel oil is going up; its significance as a refining product is mounting, and its price will go up as the oil industry devotes more capacity to its output.

As this occurs, gasoline prices are expected to decline.

Industry representatives believe that some narrowing of the price differential between the two products may take place "this winter" if the weather is cold, and the supply as "tight" as it apparently will be.

House Certain To Upset Possible Veto On Labor Measure

(By Associated Press)

WASHINGTON, June 18 — Top Democratic and Republican leaders agreed today house passage of the labor bill over a presidential veto is "in the bag."

The senate may tag along, but the outcome there is less certain.

House leaders definitely expect a veto even though President Truman told reporters at Princeton, N. J., yesterday "I haven't made up my mind yet."

He said he would send a message to congress Friday.

A veto would make labor union control the next big issue between the White House and congress, with more potential fights in sight.

But the "cooperation" about which the chief executive and congressional Republicans talked when the session began last January apparently has just about exploded anyway.

GOP Leader Halleck of Indiana gave the tip-off on that after the house upheld by a two-vote margin yesterday Mr. Truman's veto of the tax cut bill. Halleck told newsmen the veto was "the exact opposite of cooperation."

Campaign Issue
Other Republican chiefs who do not want their names used say the same thing. The way they talk makes it appear bare-fisted battling is likely from now on, particularly on domestic problems that will supply electioneering material for the 1948 campaign.

If the chief executive does veto the labor bill, he will have to count on his former colleagues in the senate to back him up.

Senator Hatch (D-NM), a close friend of the president, told a reporter he has had no hints from the White House but it is his personal view there will be a veto and "that it will be overridden."

Many other senators of both political parties share that view.

The house passed the compromise labor bill, putting various curbs on strikes and unions, 320 to 79. That is a four-to-one majority.

The senate passed it 54 to 17, better than a three-to-one tally.

Labor and taxes are bound to be 1948 campaign issues. Wool prices and rent controls may be others.

3 Terms On School Board Will Expire

Deadline for candidates to file petitions seeking election as board of education members, township officers or village officials on independent tickets is 6:30 p. m. Aug. 6, the board of elections announced today.

Some filings have already been made, the board reports, but others in cities, villages and school districts must be made before Aug. 6 if a candidate wishes to have his name on the November ballot.

Salem will have three board of education places to fill this year. John T. Burns, president, George Lozier and F. P. Mullins are finishing five year terms.

They have not indicated whether they will seek re-election.

Filings to date with the board of elections include: Charles E. Keller, for clerk, and Hugh E. Farmer for trustee in Fairfield Township; Clark Chamberlain, Ernest Cope and Wilford Shaeley, for Fairfield Local school district board of education; M. V. Redpath for board of education in Columbiana village, and Stanley M. Rice, for Liverpool township trustee.

Public Donations Help Girl, 3, Get New Feet

PITTSBURGH, June 18—Someday soon little Naheya Ann Duman, 3, who was born without feet, will take her first steps.

She will walk on artificial limbs made possible by the dozens of persons who read of her plight and sent money and checks.

Her parents, Mr. and Mrs. M. J. Duman of suburban Lincoln Park, cashed in all their War bonds to pay for braces and an operation which would enable Nancy to use artificial limbs. There wasn't any money left to buy the number of limbs which will be needed to keep up with Nancy's growth.

But now both individuals and organizations have offered help.

"There just aren't words to tell how grateful we are," declared Mrs. Duman. "It surely makes us feel good."

Council Considers Widening Of N. Lincoln To Third St.

N. Lincoln ave., from E. State st. to E. Third st., may be widened 66 inches if costs of the improvement are not prohibitive, city council indicated at its meeting Tuesday night at city hall.

The action, asking Engineer F. S. Barkhoff for estimates of the costs of the work, came as a sideline recommendation as council began its city-wide campaign to improve sidewalks in Salem.

Council approved a recommendation by the streets, alleys and sidewalks committee to request repairs and replacements of some sidewalks in that section of N. Lincoln ave. and considered the possibility of widening the street the width of curb lawns on each side of the street.

The street widening action is not yet definite, but council was emphatic in its requests to property owners throughout the city regarding improvement of unsafe sidewalks.

Letters from council to the property owners in the N. Lincoln ave. sector will be mailed this week, requesting that the work be done and stipulating just what work is required.

May Assess Costs
If proper repairs are not made by the owners within a reasonable period, council plans to order the work done by the city and the costs assessed against the property owners.

This program will be carried on throughout all sections of the city, councilmen said, with inspections of other sections scheduled later this year.

The street widening entails moving present curbs back 33 inches on each side of the street, thereby doing away with present curb lawns all along N. Lincoln from State to Third streets. The sidewalk would be narrowed along the postoffice and Arbaugh buildings.

Carl Abe, chairman of the streets committee, made the committee report to council. It was accepted without objection.

NEW RUSSELL CO. CONTRACT DRAWN
COLUMBIANA, June 18—A wage increase averaging 15 cents an hour, a union shop and an improved vacation plan highlight the new contract offered striking F. C. Russell Co. employees Tuesday, La Verne Halsey, field representative of District 26, United Steelworkers, said today.

Members of Local 3790, USA (C. I. O.), will meet later today to vote on the proposed contract. If approved, operations will be resumed next Monday.

More than 250 persons have been idled by the walkout, which is now in its seventh week. Union officials have held throughout the strike that the union shop clause was their goal. The company favored an open shop.

Wage increases offered Tuesday vary from 12 to 26 cents an hour, Halsey said.

FIGHT TO GET HALL SITE TO REACH COURTS

Council Passes Ordinance To Condemn Three S. Broadway Properties

Condemnation proceedings to secure three properties on S. Broadway, at the southwest corner of E. Pershing st. for Salem's new city hall were authorized Tuesday night by city council.

The passage of the ordinance under suspension of rules as an emergency measure, brings to a head the city's attempt to secure three properties for the erection of its new \$160,000 city building.

It will now require approximately three weeks of technical operations before actual court proceedings are begun by the city against the property owners.

The court, through a jury, will be asked by the city to set the prices the city must pay the owners.

Properties Involved
Property owners involved in the proceedings are Mrs. Frank Webber, Norman Paxson and Dr. Robert McKelvey.

Completing one of its busiest sessions in several years, council Tuesday night also took the following steps:

APPROVED the purchase of an additional police cruiser at an estimated cost of from \$1,900 to \$2,000. Bids will be requested immediately.

ASKED FOR a Business Bureau committee to meet with its safety committee to investigate possible danger from overhanging signs in the business section.

Urges Salary Boosts
REFERRED to the finance committee a request from Councilman Arch Wentz that elective city officials' salaries be increased, effective with the new term, Jan. 1, 1948. No stipulation was mentioned as to the amount of the increases.

ASKED FOR an ordinance increasing the parks and playgrounds appropriation from \$5,000 to \$8,000 as it promised Salem's softball committee in April.

LEARNED from the board of elections that the primary election in May cost the city \$1,037.37.

HEARD first reading on an ordinance vacating a 10-foot alley between the Town Hall Diner and the Lyle Printing Co. on E. State st.

PASSED an ordinance under suspension of the rules, allowing 85c per day for feeding of prisoners held in city jail. The amount was previously 40c per day.

HEARD petitions from property owners on Arch st., from Sharp to Spring streets, and on Sharp st., from Arch st. to Prospect, requesting installation of sanitary sewers. Both were referred to the sewer committee.

REFERRED to the Planning commission a petition asking the dedication of the Wilson st. extension, from Pine ave. to the city limits.

HEARD a report from the safety committee on an alley off N. Lincoln ave., midway between Second and Third streets, saying that improvement was impractical at this time.

House Approves Social Security Tax Freeze

WASHINGTON, June 18—The house passed unanimously today a bill freezing the Social Security payroll tax at present rates for two years.

If passed by the senate and accepted by President Truman the measure will block an automatic \$2,000,000,000 annual increase in the levy on Jan. 1.

The legislation provides, however, for an increase in the tax in 1950 to from one percent to 1.5 percent to from one percent to 1.5 percent to from one percent to 1.5 percent.

Without the freeze, the levy would have increased Jan. 1 to 2.5 percent against employer and employee. The present one percent tax collects about \$1,500,000,000 annually for the Social Security old age and survivors insurance program.

Under the original social security law enacted 10 years ago, the tax was scheduled to climb gradually to three percent against employer and employee. But congress has repeatedly held the rate at one percent.

Relief Of Flood Conditions About City Is Foreseen

An extensive city-wide storm sewer program, geared to correct the principal flood conditions throughout Salem, is being prepared by city council's sewer committee and will be completed within a month, it was revealed by Sewer Committee Chairman Fred L. Blevins at council's meeting Tuesday night.

The program will eliminate flood conditions in (1) the industrial and southwestern section, (2) the eastern residential section from Union ave. to S. Lincoln ave. and the postoffice area and (3) the northwestern section of the city along Butternut run.

Blevins reported that estimates of the costs are being prepared by City Engineer F. S. Barkhoff to correct faulty storm sewer conditions in these areas and will be ready for consideration and action by council in July.

Blevins indicated that council is studying means of financing the project, sorely needed here for years, and may place a bond issue on the November ballot for that purpose.

Total cost of the project is not yet available but it is expected to reach at least \$200,000.

A portion of the project, only a minor step towards the over-all relief in the industrial area, was authorized by council last night.

Service Director Frank K. Wilson was instructed to dredge open drainage ditches in the city this summer. Costs of that work are estimated at \$6,750, which will be taken from the sewer fund.

Wilson indicated he would start the work as soon as possible.

Manufacturer Complains
Blevins' report last night answered a letter from the National Sanitary Co., inquiring as to action on the industrial area project.

The company stated it had suffered nearly \$4,000 in damages from flood conditions after the last heavy rain here.

The industrial section of the program will correct serious conditions through the area surrounding the Pennsylvania railroad tracks from city limits to city limits, Blevins said.

Installation of new storm sewers in the Union ave. to E. State st. area and the Lincoln ave. and E. State st. intersection will correct the eastern section of the city with the old Gahanna sewer, which runs diagonally from the intersection to S. Broadway, near Columbia st.

It will relieve the sewer congestion in the postoffice area and along Union, Washington, Woodland and Ohio avenues, he pointed out.

The Butternut run project will correct serious over-flows during heavy rains in the northwestern residential section of the city.

Speed McKinley Heights Job
Council authorized by ordinance advertisement for bids for the McKinley Heights sanitary sewer project and stipulated the conditions of payment by property owners in that area, who have sought sewer improvement for some time.

The sanitary sewer to be installed there in the summer will service E. State st., from a point just east of City hospital, east to the city limits as well as on Roosevelt and N. Madison avenues.

The new sewer will tie in with the existing sanitary sewer on E. State st. and will feed west.

Property owners in that section will be assessed in 10 annual payments. The city will issue bonds in anticipation of payment, but owners can make full cash payment within 30 days after the assessing ordinance is passed, the ordinance stated.

MAYOR'S RECEIPTS HIGHEST IN MAY

Mayor R. R. Johnson reported an unprecedented income to the city during the month of May in his monthly report to city council Tuesday night.

The mayor said a total of \$2,192.90 in funds was received through his office.

Most notable feature of the large income was the \$1,748.20 received from arrests made by city police.

Council commended the police force on the excellent showing when it voted to purchase an additional cruiser for the use of the department.

Other items of income showed: Building permits \$15; licenses \$48; state patrol cases \$202.50 and city costs \$179.20.

Former Prosecutor Now In Ohio Penitentiary
COLUMBUS, June 18—Jerome A. Nevius, 36-year-old former Clark county prosecutor, was a cellmate today with some of the men he sent to Ohio penitentiary before his conviction two years ago of having accepted bribes from gamblers.

Brought to the state prison yesterday afternoon Nevius began a one to 10-year term after his final legal move for freedom failed.

Judge Golden C. Davis declined to consider a motion for Nevius' probation.

Everybody Making Hay

The odd thing about the tax-bill veto is the way everybody sees merit in Mr. Truman's explanation, yet doubts that he is using the right explanation.

He says this isn't the time to reduce taxes; that this is the time to make hay—while national income is high and taxes are easy to collect. He says the national debt must be reduced in order to maintain confidence.

But of course there's a lot more involved than the ease of tax collection and confidence in the government's financial soundness. That's where the argument lies—in the other things.

Republicans argue that it's more important to prove that taxes can be reduced than it is to collect a few billion dollars of extra income. They argue that popular confidence will be affected more by keeping taxes at wartime levels in peacetime than by reducing them. They argue that Mr. Truman's veto is only a scheme to take credit next year for cutting income taxes himself and really has nothing to do with the reasons he is giving. As far as that's concerned, the Republican policy on taxation seems to have less to do with the reasons they are talking about than it has to do with the campaign promises they made last year.

Taxes and politics are inseparable. Both parties are playing politics. The question is who's playing the better brand. For once, the public seems to have a chance to win. Since the tax bill was not passed over Mr. Truman's veto, Mr. Truman probably will come out flat-footed next year against himself this year—and income taxes will be a shade lower. In the meantime, if the Democrats want to reduce the national debt, they might help the Republicans find a few more places to cut the cost of operating the government.

For Air Safety

The President's air safety board convenes none too soon and has its work cut out for it. Airline crashes cannot continue at their present rate if commercial aviation is to survive. In 16 days 146 lives have been lost and the 1947 death toll is more than double the 1946 figure, despite the fact airlines are supposed to be getting on an even postwar keel.

Obviously some important improvements will have to be made if the record is to be bettered. Structurally and mechanically, the DC-4's, the backbone of commercial service, seem reliable and there is no indication they will be grounded. From 1942 to 1945 they made 85,000 transoceanic crossings with only three losses—two of those probably by enemy action.

The trouble seems to lie in navigational errors, for in six of eight major crashes this year planes have flown into mountainsides. The investigators will do well to look into the miniature radar devices which have been perfected in recent months. Howard Hughes has a small, inexpensive radar set which is reported to work excellently in tests.

Another source of accidents has been inadequate braking power when the plane encounters trouble during the take-off run. This caused the May 29 crash at La Guardia Field which claimed 43 lives. By retracting the landing gear and "dumping" the plane in such instances, it is possible to halt within 500 feet without great damage to the plane and with nothing more than a shaking-up for most of the passengers. However, it is a complicated process to retract the DC-4's landing gear while the plane is on the ground. The board doubtless will consider valuable testimony along this line which has been adduced at hearings on the La Guardia crash.

Broaden The Base

The House un-American activities committee should be converted into a joint committee representing both houses of Congress. Then it should be instructed to grow up and do the indispensable job that events have cut out for it.

It is the only agency of government keeping watch over the agencies of government paid to keep watch over subversion. If the committee disbanded, a substitute would have to be created. The United States has outgrown the illusion that its internal security can be taken for granted.

Meanwhile, the public has outgrown the illusion that federal executive agencies can clean their own houses; they can't. The public is in no mood in 1947 to accept hearty assurances from Washington that all's well. It wants someone to check the assurances.

The un-American committee's members have done indefensible things, ridden roughshod over rights and behaved irresponsibly. Its critics have kept the committee alive, because if they feared it, then it obviously was worth saving. But its work needs to be broadened and backed with more authority. The committee should represent Congress, not one part of one house of Congress, as it did when it began in 1938 and apparently still does.

This Deserves A Veto

House approval of a bill to increase wool tariffs, or impose quota restrictions when believed necessary, is a short-sighted action. The United States has taken the lead in promoting the Geneva world trade conference and now its delegates must attempt to explain the house's action, which is counter to everything the conference stands for.

The American wool industry is small. Its total 1946 output of \$126,000,000 was even less than duties collected on wool imports. Jeopardizing an American economic policy, depriving an ally of dollars with which to buy American goods and raising the American price of wool constitutes the narrowest form of catering to special interests. The bill now goes to the senate. Fortunately, the margin by which the house passed it is not sufficient to override the veto this short-sighted, unwise measure surely will receive if it reaches the President's desk.

Use Your Iron, Herb

We are seeing a new Herbert Hoover these days. Speaking extemporaneously over the radio recently on "Invitation To Learning," he humorously discussed Isaac Walton's "Complacit Angler." Now he adopts a tone of good-humored irony to tell a Princeton audience how well this country has succeeded despite "the terrible reactionaries" and "the evils of rightwing freedoms."

Mr. Hoover may never become an oratorical extrovert of the Fiorello LaGuardia type, but when he starts playing around with ironic humor he is tinkering with a powerful weapon, and one which the average left-winger finds extremely irritating. One thing a left-winger can't stand is not to be taken seriously. Call 'em names, revile 'em, but don't poke fun at them. That they can't stand.

By GENEVIEVE KEMBLE

A STRANGE or tricky twist of events may have power to demonstrate the wisdom of a "wise head on young shoulders." There may be curious or intriguing situations in which elders, employers or experienced individuals might prove the best means of eluding weird or fantastic entanglements, in which subtle and crafty undercurrents tempt to indiscretions and unguarded emotional responses. Keep above board, listening to the voice of reason, in all alluring situations or suspicious contacts.

Birthday Forecast

Those whose birthday it is stand at the alluring portal of a suspicious, baneful and tricky current of events, in which intrigue, subtlety and duplicity may be at the root of fantastic adventures. The emotions may be under great stress or excitement, blurring the judgment and precipitating unpredictable dangers. Rigidly adhere to "the straight and narrow" and heed the admonishment of elders, employers, superiors, and mature minds, in times of unfathomable dilemma.

A child born on this day may be swayed by its emotional and fantastic whims rather than sound judgment or the wise advice of its elders.

GUARDING YOUR HEALTH

What Causes Ringing In Ears

BY HERMAN N. BUNDESEN, M.D.

Head noises or ringing in the ears—called tinnitus by the doctor—is not a disease. It is a symptom which may be brought on by a wide variety of conditions and what is more, it may even be due to disorders not affecting the ear itself.

For instance, heart and blood vessel disorders, abnormal blood pressure and even hardening of the arteries in the brain may all be responsible for a persistent and troublesome ringing in the ears. Tumor of the brain may have the same effect. So may certain digestive disturbances, mental disorders, and allergy or oversensitiveness to certain foods or drugs.

In Ear Itself

On the other hand, the cause may often be found in the ears themselves. Hard packed wax in the outer ear canal, middle-ear inflammation, damage to the auditory nerve and blocking of the Eustachian tube which leads from the throat to the middle ear are among the things which cause a ringing sensation in the ears.

With such a great variety of possible causes, it is no wonder that search must first be made for the one responsible in any particular case. This involves a thorough examination and study of each patient by the doctor.

Moreover, there is no single drug sufficient to control tinnitus. The giving of large doses of vitamins, according to Dr. Edmund Prince Fowler of New York City, may in some cases aggravate the condition. On the other hand, if there is a deficiency of secretion from such glands as the thyroid gland in the neck, the use of thyroid extract may be effective.

Inflations of Tube

When the tinnitus is due to a disturbance of the Eustachian tube, inflations of the tube are often helpful. Inflation consists of blowing air through the tube. It is quite a simple procedure. It may be necessary to carry out the treatment three or more times a week. Dr. Fowler believes the patient can be

Bruce Is Chosen Argentina Envoy

WASHINGTON, June 18—President Truman has nominated James Bruce, Maryland corporation executive, to be ambassador to Argentina, succeeding George Messersmith, who recently resigned.

Bruce, 54, is vice president of the National Dairy Products corporation and a director of 14 corporations.

Mr. Truman's action completes a series of shifts marking this country's swing to more cordial relations with the Argentines.

Messersmith and Spruille Braden, assistant secretary of state for Latin American affairs, and an exponent of a "firm" Argentine policy, resigned after Mr. Truman's recent announcement that he is satisfied with the South American republics' purge of Fascist influences.

Braden was succeeded as assistant secretary by Norman Amour, long-time career diplomat with a background of service in Latin America.

June Keeps Tradition As Wedding Month

LISBON, June 18—June is still the traditional month of marriages.

In 16 days of June 52 marriage licenses have been issued, two more than on the same day in June, 1946, when 156 were issued for the month.

June has already almost matched last month's total of 108 licenses and probably will soar over the 1946 record.

Mrs. Willman Chosen Book Club Delegate

Mrs. Carl Willman, new president, was named delegate to the Northeast District conference of the Ohio Federation of Women's clubs, to be held next October, at the annual picnic of the Book club Monday afternoon in Centennial park.

A picnic dinner was served to 25 members. Mrs. Howard Groner entertained with a reading, "The Lady That Lives In The House Next Door."

Games and contests were in charge of Mrs. E. S. Vincent and Mrs. A. H. Schropp.

This was the concluding event of the 1946-47 season. The next season will open Monday, Oct. 6.

Dinner Party Held By El Furno Club

Miss Elizabeth Leonard won a guessing prize and a special prize was awarded Mrs. Robert Ward when 15 members of the El Furno club enjoyed a dinner party Monday evening at the Lape hotel.

Favors were tulip cups filled with candy. The committee in charge was comprised of Marjorie Harroff, chairman; Mrs. Lowell Hoprich, Loina Helmick and Eleanor Bates.

After the meeting the group attended a show.

The next meeting is set for Aug. 18.

Trio Sings For Quota Club Members Tuesday

A trio composed of Robert Zimmerman, Jack Lepper and Rolland Herron entertained with a group of vocal selections at a dinner meeting of the Quota club Tuesday evening in the Memorial building. Places were laid for 29 members and three guests.

The trio sang "When You Were a Tulip and I Wore a Big Red Rose," "I've Been Working on the Railroad," "Let Me Call You Sweetheart," "Camptown Races," and "Goodnight Ladies."

Robert Zimmerman impersonated Al Jolson in "April Showers" with Mary Ibele as the accompanist.

Miss Hazel Linn gave a report on the National Red Cross meeting at Cleveland.

The committee in charge was composed of Mrs. Augusta Ibele, Mrs. John Douit and Miss Nora Green-awalt.

The next meeting is set for July 1.

Kay Koontz Honored On Second Birthday

Mrs. George Koontz entertained a group of children and their mothers Tuesday afternoon at her home, N. Union ave., to celebrate the second birthday anniversary of her daughter, Kay.

Games were enjoyed and the hostess served refreshments. Miss Lois Roller took movies of the group. Kay received many gifts.

Children at the party were Ted Beattie, Raymond Rogers, Dickie Capel, Susan Schaeffer, Nancy and Ross Jeffrey, Jeff Smith and Terry Trebilcock.

Luncheon Planned By Relief Corps

Woman's Relief corp will give a dessert benefit luncheon at 1:30 p. m. Friday in the Memorial building. This party will take the place of the regular meeting.

Mrs. Minnie McConner of Columbiana is visiting her daughter, Mrs. Rolland Knepper and family, N. Lincoln ave.

Rev. and Mrs. Walter B. Hill of Flushing were guests Monday of W. L. Hively and family, Goshen rd.

Horace K. Schwartz has returned from a trip to New York City.

County Orchestra Members Thoroughly Enjoy Rehearsals

LISBON, June 18—The Columbus County orchestra has been in rehearsal for several months now, drawing members from all parts of the county, rural and town alike.

Starting with an idea by Harold Sleeman and Arthur Wise of Lisbon, the county orchestra meets every two weeks on the first and third Tuesday of each month and rehearsals are held in the Lisbon high school band room through the courtesy of the board of education.

The object of this all-county orchestra is to provide a place or organization to meet and play music for the enjoyment of playing. This larger organization derives much enjoyment and pleasure that would be denied a smaller group.

The county orchestra has a membership of 50 men and women, and instruments are respected with exception of the oboe and bassoon. More string players are needed to completely balance the orchestra, however, Prof. Wise stated, and everyone interested in becoming a member should attend several rehearsals to become acquainted with the music and members.

The personnel at present embraces, lawyers, engineers, clerical employees, clerks, housewives and high school graduates.

The music being played includes various types, Wise stated, and includes: grand marches, symphony movements, musical comedy selections, opera marches, concert overtures and popular radio arrangements. Anyone wishing to attend rehearsals may feel free to do so, Wise added.

Concerts will be presented in the near future in Salem, Lisbon and East Liverpool, as the group which already sounds like a mature veteran organization acquire additional polish and finish in the coming rehearsals, it is said.

Wise, music supervisor in the Lisbon schools, is conductor of the orchestra, with William Rankin of Leetonia, as co-conductor. Harold Sleeman is attendance chairman of the group.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

DEPARTMENT OF CONJECTURE

Each time about the middle of both football and basketball seasons you hear complaints from a number of local fans to the effect that the seating arrangements available at those High School events are not being fairly handled, or just aren't giving the ordinary fan a break.

This season there should be no such complaints, for tickets for the football season are now on sale at the usual downtown outlets and basketball season tickets will be offered at a similarly early date to all who are interested enough to get downtown and purchase seats early.

DEPARTMENT OF BAD LUCK

Our nomination for the most-rained out sports outfit in this area goes straight and undeniably to the Salem Polo club!

For six straight opening games, dating away back into mid-May, the men on the ponies have been chomping at the bit to get out on the grassward and chase that little yellow apple around.

But rain, rain and more wetness has stopped each and every attempt.

Another opener—the seventh—is slated for the N. Ellsworth ave. field at 6 p. m. today, but the steady rain all night probably will make that fray an impossibility.

DEPT. OF INFORMATION

More dope has arrived on the baseball tryout camp of the Cleveland Indians tomorrow, Friday and Saturday, from 10 a. m. to 3 p. m. each day at the Fairgrounds park, Warren.

To apply a player can contact James Kerecky, 516 Bank st., Warren. Regulations stipulate that a player (1) must be a high school graduate; (2) must be at least 16 and not over 23; (3) must furnish own uniform, glove and shoes and (4) must not be a member of a Junior Legion team.

All players signed by the Tribe will be paid expenses to and from the camp.

Bill Bradley, Laddie Placek and Gyp Lewis are the scouts assigned to the Warren tryout affair.

ODDS AND ENDS

In answer to queries—the Cleveland Browns will play an exhibition game at the Akron Rubber Bowl on Aug. 29, a night affair with the new Baltimore Colts, coached by

Charlie Barrett Hailed As No. 1 Comeback

WINS FIFTH STRAIGHT IN REDLEG GAME

Has Three Losses, Six Wins So Far After Dismal 1946

BY JOE REICHLER
Associated Press Sports Writer

Charlie Barrett, who is being hailed as the number one "comeback" of 1947 today owes his success to his remarkable control pitching.

The rambunctious redhead, whose decline from a 23-game winner in 1945 to a three-time loser last season caused his banishment from the World Champion St. Louis Cardinals to the Boston Braves last winter, currently is the hottest hurler in the majors.

Including yesterday's 11-1 triumph over the Cincinnati Reds, Barrett has won five straight to bring his season record to six wins and three defeats. In his last 45 innings, Barrett has issued only two bases on balls.

Barrett was tagged by the Reds yesterday for 12 hits, but Cincinnati left 10 men on the basepaths, and it took a home run by Grady Hatton to produce the Reds' only run.

The upsurging St. Louis Cardinals gained their sixth consecutive victory last night when they came from behind with a three-run uprising in the last of the ninth to eke out a 7-6 triumph over the Philadelphia Phillies. A triple by Stan Musial with the bases loaded and one out brought in the runs.

Carl Scheib, 20-year-old right-hander from Gratz, Pa., pitched his second complete game in organized baseball and for the second time within a week won for the Philadelphia Athletics 5-2 over the Detroit Tigers.

Bob Feller fanned nine batters to raise his season total to 96 and pitched the Cleveland Indians to a 5-3 victory over the Washington Senators before 30,701, largest crowd of the season at Griffith stadium.

The Boston Red Sox registered their seventh victory in a row by defeating the St. Louis Browns 6-5. The scheduled night game be-

Howie Moss hit 21 home runs in Baltimore club's first 46 games to become known as Babe Ruth of the International League. Maintaining his present pace, the outfielder would manufacture 75 this season. The Bam broke in with the Orioles.

tween the Giants and Pittsburgh Pirates in Pittsburgh was postponed by rain as was the day game between Brooklyn and the Cubs in Chicago. The Yankees and Chicago White Sox were not scheduled.

MIKE JACOBS SET TO RETURN SOON TO BASH BOULEVARD

Recovering from Troubles And Is Expected To Visit Garden

(By Associated Press)

RUMSON, N. J., June 18—The viewers with alarm who wanted to bet that Mike Jacobs would never come back to Jacobs beach will not doubt be surprised to learn that Uncle Mike will be heading for New York in a couple of weeks now to see what's cooking.

The most powerful czar in boxing history has recovered sufficiently from the cerebral hemorrhage and acute heart attack which struck him down last December so that his physicians have told him he'll be able to make the trip up to Bash Boulevard in the next two weeks or so and Mike—always the kind of a fire horse who couldn't sit around when the alarm bell went off—is beginning to pull on the bit to get there.

He's doing well enough now to walk around the Jersey countryside enjoying the petunias and the spotted gardenias and even is figuring on taking a whirl at beating the gee-gees at Monmouth park the rest of this month.

Now naturally this doesn't mean that Mike is all set to climb right back in the driver's seat and start steering the back-busting business immediately. In the first place he's still partly paralyzed. And the fight industry, remember, is the kind of brass-knuckles party that children and weaklings should never fool around with. It requires an especially healthy man to live with it.

But the mere fact that Mike is ready to come back at all, even if only to look for a while, comes under the head of a fight-same miracle. Because when they carried Mike out of the hospital in New York and brought him down to his estate here in mid-winter no one expected to see him ever hanging his hat in Madison Square Garden again.

He's made it, though.

PATTY BERG HAS CLOSE CALL, BUT WINS 1ST ROUND

ATLANTA, June 18—Five previous winners, including last year's finalists, were still in the running today as the 18th annual Women's Western golf championship entered the second round.

Patty Berg of Minneapolis, the 1946 runner-up and present national open titlist, had a close call yesterday with unheralded Jane Sharkey of Atlanta, before winning, 2 up.

Mary Lena Faulk of Thomasville ousted Veteran Jean Hopkins of Cleveland one up, in 19 holes.

Louise Suggs of Lithia Springs, Ga., the defending champion, beat Mary Agnes Wall of Menominee, Mich., 3-2; and Grace Loneyk of Newton, Conn., dined Mrs. George Wilcox of Miami, Fla., 5-4.

Betty Jameson of San Antonio, ousted Kay Pearson of Houston, 4-3, and Helen Dettweiler of Indio, Calif., beat Mrs. Sam Israel of New Orleans, 3-2. Mrs. Opal Hill of Kansas City defeated Mrs. Frank Roos of Mobile, Ala., 5-4.

Peggy Kirk of Findlay, Ohio, eliminated Alice O'Neal of Indianapolis, 7-6.

Carol Dringer of Tiffin, Ohio, was upset by Marjorie Lindsey of Decatur, Ill., 1 up.

RAPID ROBERT WINS OVER WASHINGTON

Posts Fifth Win In Row And Ninth of Season; Hits Impressively

(By Associated Press)

WASHINGTON, June 18—Cleveland's Bob Feller, strikeout king of the major leagues, today had a string of four straight victories and nine triumphs this year—thanks to his bat and his potent right arm.

Lifting the Indians to a .500 percentage, Feller fanned nine batters and delivered a two-run triple for the margin of triumph last night as he moved into the American league lead in total victories with a 5-3 win over the Washington Senators.

George Metkovich, the Tribe's "bargain buy" from Boston, started the Tribe to victory with a triple in the opening inning. Hal Peck, another "bargain buy," tallied Metkovich with a single to right.

Manager Lou Boudreau, league-leading batter, rapped a double in the sixth and scored on an error by Jerry Pridy before Washington hurler Bob Newsum made the mistake of walking Ken Keltner to put two men aboard with the Indians leading 3-1.

Feller then delivered a mighty triple to left center to score the decisive pair of runs.

Stan Spence, a perpetual thorn to the Indians, rapped a two-run homer over the right field wall in the eighth, but Feller bore down to stretch his major league-leading strikeout total to nine for last night's tilt and 96 for the season by whiffing Veteran Rick Ferrell for the last out.

CHOICE SUBURBAN BUILDING SITES FOR YOUR SUBURBAN POST-WAR HOME!!

About four acres located on Damascus Road in very nice residential section. Has frontage of 110 feet on highway and extends back to depth of 1980 feet. Spring fed well on land. This building site is in a location surrounded by nice homes. Priced to sell at \$2000.

Very good three-acre building site on Georgetown Road, just outside city limits. This tract is well located, and has fertile soil and offers exceptional possibilities for an exclusive country home. Price \$1200. We have other tracts along the same highway in the same location. Priced at six dollars per front foot.

Very good building sites on County Line road in Columbiana County, only short distance from city limits north of Salem. Road is paved and land requires very little grading. Price \$6.00 per front foot.

Outstanding building site on Goshen Road one-half-mile from city limits. This tract has 100 foot frontage and depth of 300 feet. Excellent soil situated in very good suburban neighborhood. Children hauled to Salem schools by school bus which will stop right at your door. If you want something above the average where your good home will be protected by restrictions on adjoining land, you should see this without delay. Price \$10 per front foot.

If you plan to build a new home at any time within the next two or three years, it will pay you to select your building site and purchase it now; for there is every indication that the increase in demand for good tracts such as these will cause prices to advance even though the value of older houses may be declining somewhat at the same time. These are all exclusive Fred D. Capel listings.

Joins College Staff

ANN EASTON KERR

ALLIANCE, June 18—Dr. Melvin W. Hyde, dean of Mount Union college, announced the appointment today of Mrs. Ann Easton Kerr as director of guidance.

Mrs. Kerr has been associated with Mount Union since 1935 as assistant professor of economics. She came to the campus each year in February to teach a special course in personnel problems.

The director of guidance is delegated the responsibility of setting up a complete program to be divided into five major phases: Pre-college counseling, admissions counseling, orientation, counseling, vocational testing and guidance, and personal problems counseling.

Mrs. Kerr comes to this work with a background of training and experience. For several years she was in charge of personnel with one of the nation's largest department stores.

While she lived in Wheeling, W. Va., Mrs. Kerr conducted Red Cross administrative training courses for women personnel working with blood donor projects in that area during the war. Also very active in Girl Scout work, Mrs. Kerr held regional and national appointments in that organization.

She is a graduate of the College of Puget Sound and received her masters degree from the Prince School at Simmons college.
